What is the BIG IT Drive?

We are fundraising to supply our school with essential new computer equipment. How much do we need? In order to replace the archaic equipment, approximately £30,000 is needed.

What equipment needs replacing?

- * Server
- * Computers
- * Tablets
- * Interactive whiteboards

When do we expect to complete The BIG IT Drive?

We estimate this to be a 3 year plan, which includes schools IT budget. How can you help?

- * Fundraising Ideas
- * Suggested grants & donation ideas
- * Your ongoing support

Moving forward.....

Warton Crag WI have chosen Archbishop Hutton's as their charity of the year. All profits from their events will be donated to The BIG IT Drive.

We have already applied to grant funders and businesses for donations but other suggestions would be greatly appreciated.

We have applied to some local businesses but if anyone knows of any businesses that may be able to help in any way, either through monetary donations or raffle / tombola prizes, please let us know.
