- Friday 18:** Leaver's Assembly 2:15
School Ends for Summer

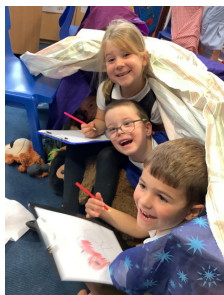

Art, mind and soul

Class 4 had a visit from Mr. Wilcock this week to explore the importance of art and the impact this can have on our wellbeing and mental health. A great session with some wonderful work produced by the children.

Class One- Fossil Hunters

As part of Class One's sculpture work the children have been learning about Mary Anning and used her as inspiration to create their own fossil sculptures.

Social Impact - Stable Lives!

**Our school is a Social Impact
School 2025!**

Awarded by SuperKind.Org
www.superkind/social-impact-schools-award

This term, Miss Hughes has introduced the Social Impact Awards to the children and many of them have received awards for their work for charity, the community or for informing others of their important work. Elsie Hill has stood out this week as she not only supports a fantastic local charity called 'Stable Lives' but chose to share this work with the rest of the school. She created a PowerPoint, interviewed the charity's founder and presented this in assembly! What a star! Well done Elsie!

Class 2 Geographers

Class 2 have been exploring the world and learning about the oceans and continents. Test them at home. Can they name them all?
