other news

SCHOOL COUNCIL

Well done to the children who have been voted in as our new School Council. They will be responsible for representing their classes at events across the school year and will also help to lead the fundraising effort for Big IT Drive 3. The School Councillors are:

Class 4: Grace Cook and James Robinson

Class 3: Alistair Kingshott and Jessica Richards

Class 2: Jorgie Bowden and Duncan Stallard

By now everyone should have taken home their Cauliflower Card art work. If you have decided that you would like to order the cards or any other product, here is the procedure to follow:

1. **Log on the website** for Cauliflower cards and use the unique code for your child which is featured on their order form.
2. Choose your items and pay.
3. (THIS IS VERY IMPORTANT) – **Send the art work back into your class** teacher so they can add them to the class order and we can send them off to the company to be made.
4. You have two weeks to order your card. All artwork/order forms need to be in school by **Friday 9th October**.

SUPER HERO SUPER RUN

Every child should have brought home a sponsor form today for our **Super Hero, Super Run on Tuesday 6th October**.

We will be holding our **Super Hero Super Run** to raise **Big IT Drive** funds and to launch our brand new running track.

- Runners can dress up as a Super Hero for the day – but only if they want to.
- Class One will do ½ a mile, Class Two will do a mile, and Class Three 1 ½ miles and Class Four will do 2 miles.

Warton Eco Gang

Warton Eco Gang are a group of young people who meet regularly in the village to learn about nature and undertake ecology projects to benefit Warton. The children, including our very own - Kerr, Cameron, Percy, Abi and Harry have recently planted some wild flowers in the Memorial Garden at the front of the school. The aim is to create an interesting and colourful natural environment and encourage wildlife such as insects. Warton Eco Gang will look after the area and we hope it will benefit science and nature lessons in the Spring.

Home Learning

Mr Pugh's Healthy Challenge is a set of four creative learning tasks related to our Healthy Bodies theme. Have a go and earn 20TP per challenge. When you are doing a challenge, you might want to upload some work or photos to the pupil area of the website – just like we were doing during the lockdown period. At the end of this ½ term, you can bring your work into school for a big show and tell. All the details are on your class page on the website.

Maths Home Learning: From Thursday 24th September Classes 2, 3 and 4 will have Maths home learning activity on the pupil area of the school website. This home learning task should be done at home and the following week the answers and a new activity will be put up. We ask that you mark the work with your child and let the teacher know if they had any problems with the level of the task. These tasks should be straight forward and will all be related to the work currently being studied in class.

Remember: Keep learning your spellings. There is another progress test coming up in the next week.

- **Coronavirus:** Here is our weekly reminder of the guidance about Covid19 and the symptoms. When should you keep your child home and seek a test? The advice given on the Department for Education website is this:

What symptoms should schools be looking out for? How can schools tell if a pupil has just a cold, or whether it might be coronavirus?

The Department for Education has worked closely with Public Health England (PHE) and NHS Test and Trace to ensure that we are doing all we can to minimise the potential risks of spread. A key part of this is recognising the correct symptoms.

We ask that schools recommend to their pupils and staff who feel unwell, that they get tested if:

1. They develop one or more of the **main coronavirus symptoms: a high temperature; a new, continuous cough; or the loss or change of their sense of taste or smell;** or
2. They are recommended to get tested by a healthcare provider (e.g. GP or nurse).

If a child is tested because they are unwell, they should stay off school until they receive a result. As in any year, as schools go back, children may pick up common colds or feel unwell with a sore throat, stomach upset or a headache. These children may need to stay off school and parents/carers should call their GP or dial 111 to seek medical advice if they are concerned about their child's health.

This advice is slightly different to earlier advice we sent out - which was the advice given back in August (so long ago now). This is the advice we will now follow.

- That's all from us this week. Have a great, safe and healthy week!
